Our Success

Thanks to our members, we've grown immensely since our 2003 launch.

In 2008, the site averaged over 17,000 unique visits and 600,000+ page views per month.

For the first half of 2009, traffic is up 23%. 7.2 million+ page views are projected for the year. The average visit lasts roughly 10 ½ minutes.

Demand for our two regional reunions has made them an annual occurrence with attendees traveling from around the country and across the globe.

In 2008, these events attracted nearly 300 attendees with 75 Correct Craft boats on-hand, spanning the 1950s to today.

The 4th annual CorrectCraftFan.com reunions will take place in Green Lake, WI (July 17-19) and Lake George, NY (September 18-20) and are the only scheduled events of their kind for 2009.

Online Advertising – Choose from full, vertical, square or button banners with various levels of run-of-site options.

Reunion Sponsorship – Bolster our annual member get-togethers via monetary contribution (e.g. funding an in-water clinic or contributing toward meal costs) and/or providing products or services as promotional giveaways. Sponsorships are available at Platinum, Gold and Silver levels. Your contribution will be acknowledged on all reunion related pages throughout the site, on the official reunion banner (on prominent display at each event), as well as on the reunion t-shirts provided to all attendees.

Product Reviews – Provide products to our staff and trusted members; we'll try it out and write a review for the site that includes a link to your store. *(Best when combined with either Online Advertising or Reunion Sponsorship.)*

Affiliate Program – We'll send traffic your way for a percentage of any resulting sales.

Market Research Data – We're currently developing a member questionnaire and ongoing poll inquiry to glean more information about our community. You may submit relevant questions and purchase this one-of-a-kind information on a quarterly basis.

Our advertising and sponsorship partners also receive access to banner results, providing real-time statistics on your marketing investment.
